

Staff Reader of the Month

One of October's BT Staff Readers of the Month is Miss Serafin. She is a Learning Resource Teacher here at B.T. Read on to find out more about this avid reader!!

What book did you read most recently?

The Julian Chapter by R. J Palacio (I loved Wonder!)

Do you have a favourite genre? If so, why is it your favourite?

Action and Adventure, Mystery, Comic Books, Non-Fiction, Children's Books

What book "hooked" you into reading as a kid? If you can, explain why this book had such a positive reading effect on you.

My grade 3 teacher, Mrs. Collins was my favourite teacher! Every month we had a poetry contest for our class, and I always entered. As my inspiration, my Mom and my Nana would buy me poetry books and I'd spend hours reading and writing before bedtime. My love for poetry was inspired to then make birthday cards for all my friends with a special poetic message inside. I also loved reading 'The Babysitter's Club' and all the exciting adventures they'd go on. After I read all those books (I read every single one at least 3 times!) I then became a babysitter and always had fun with the kids I babysat.

Why do you enjoy reading?

I enjoy reading because it allows you to learn, to think, to question and to make connections. Reading also allows your emotions to explore different characters and to step into a new world without leaving your own.

What do you love about the BT Library?

I love all the different genres, all the great picture books and the helpful and resourceful Ms. Westbury and Mr. Skinner.
